Stating that the Municipal Board are averse to granting a piece of land adjoining their coffee works to Messrs Binny & Co.

Sealed to Secretary,

The Municipality [illegible] Board [illegible] land [illegible] Mysore [illegible] to [illegible] the [illegible] of [illegible] Mysore [illegible] Mysore [illegible] Mysore

Without going into the question of ownership, the Board may direct the removal of such obstruction or decline to grant a licence for putting up small after knocking them down. Being to the north of the Railway line it is not possible to enforce the notification No. 767-8 R.D. 8-8-92 with regard to the proposed well. The well-work might however be prevented as being in dangerous proximity to the road. Under any circumstances this independent assertion of ownership after two hearing applications has to be resisted with all the means at the disposal of the municipal Executive.

Memo

The Municipal Board enclosed the plan in question in 1886, by a small vehicle cost them £375- In Nov 1895 they obtained the land at a cost of £248

On 13th April 193, Mr Hart Manager, Bunyip Tobacco Works, applied for this land, stating that the purpose for which it was required was the supply of a well.

On 20th Sept 193 the Board declined to grant the land to Mr Hart.

On 15th Feby 194 Mr Hart renewed his application - On 8th Aug 194 the Board again refused to grant him the land.

On 5th Sept 194 Council called for a basis report. Nothing on this Hart's verbal representation.

On 10th August 195 Mr Hart wrote to say that the well which he

to as now occupied as stated 5-8

proposed bank on this piece of land would not be safe for answering the purposes & that the water therefrom was intended for the engine.

On 13th August 96, the President wrote to her that unfortunately his request cannot be granted. He called upon the Trustees to remove the nuisance & deposited on the land, & restore the land to the Municipality

On 28th March 96, Mr. F. Fletcher, Manager of the Forest Works, wrote for a reconsideration of the order of refusal. He offered to pay a small rent for the use of the land. He said he was anxious to complete the work on which he had already spent much. On reply, the President wrote letter on 11 96 of 4th June 96. refusing

his inability to recognise
the nature & requiring
the Manager to vacate
the land & the Board
written 7 days. On
7 October Mr Simpson
wrote on the 8th June/96,
saying that the land
in question was attached
to the Depot works, that
there was some question
in obtaining to the Vested
authorities for it, that
Bunny & co had been
in occupation upwards for
30 years & that the
Municipality had
nothing to claim to
do with it.

There is then a complete
silence to greet on the
part of Bunny & co.

On April/93, July/94
& Aug/95 the Board
addressed the Bunny
title to the land In Settle
& Mr Simpson have made
a verbal application -

Re receipt as 28th May/96.
Mr Fletcher (Recently
Mr Hurst's successor)
made a written reduction.
- Requirement of the Board's
title. A few days
afterwards, he requisitioned
that title.

There can be no
doubt that both the
land & the road as it
belong to the Municipality -

Sir,

In acknowledging the Chief Secretary's letter No 4902 dated 17th April 1896 on the subject of the proposed grant to Messrs. Binny & Co of a piece of land adjoining their Coffee Works on the Lumbini Road I have the honor to state that the Municipal Board are averse to granting it to the applicants and their Agent Mr Hunt has been informed

2. The land is a triangular piece wedged in between the Railway bridge and the Coffee works of Messrs Binny, and is situated nearly opposite to Bruce

Pete

Hall. I have inspected it, and consider that the Board are right in wishing to reserve it for public purposes. A good well or drinking water fountain may be established there to the infinite benefit of the public.

3 Mr Hart wishes to use the land for a well for his own workmen, and declines to leave it open to the public. I cannot consider it expedient or advisable to grant the land to him & then ask of him the favor of keeping it open to the public

4. The land is now enclosed apparently without authority by Messrs Bunn on the roadside by a masonry wall with a gate locked up. The Coffee works use it as a repository for manure and rubbish of all kinds — an arrangement which in such a locality cannot fail to be regarded as highly unsanitary and objectionable especially as it lies within the drainage area of Miller's Tanks Nos. I have asked Mr Hart to remove the rubbish from it & to restore it to the Municipality. Enclosed is a copy

of my letter to him of No. 917 dated 13 Instant.

Correspondence ending with letter etc 8 dated 9th July 1896 from the President of the Bangalore City municipality regarding ~~the~~ enclosure wall and a piece of land adjoining Binny & Co Coffee works on the Tumkur road.

Order thereon

It is observed that so far back as 1886, the Municipal Board enclosed the site referred to by a wall, which cost them Rs 375-0-0 In November 1895, they repaired the wall at a cost of Rs 24-8-11.

(2) On 13th April 1893, Mr Hart, Manager Binny's Coffee works applied for this land, stating that it was required

digging a well, but the Board declined to grant it on 20th September 1893.

(3) Mr Hart repeated his application on 15th February 1894 and in April 1894 the Board again refused to grant him the land.

(4) ~~Probably on Mr Hart's verbal representation~~ the Govt called for a brief report in September 1894 ~~the~~ ~~words (illegible) stated~~ On 10th August Mr Hart stated 1895 that the well which he proposed to sink on the land in question would not be safe for drinking purposes and that the water ~~thereof~~ was intended for his engine. On 13th April 1896, the President informed Mr Hart that his request could not be granted.

(5) On 28th May 1896,

Mr Fletcher, Manager of the Coffee works, prayed for a reconsideration of the order of refusal He offered to pay a small rent for the use of the land, but ~~was~~ ~~informed~~ by the President in his letter etc 1196 dated 4th June 1896 ~~that~~ he regretted his inability to reconsider the matter and requested the Manager to restore the land to the Board within 7 days. Mr Fletcher thereupon wrote on the 8th June 1896 saying that the land in question was attached to the coffee works, that there was some mistake in applying ~~for~~ the Board to the Municipal authorities for it, that Bunny & Co. been in possession of it for 30 years and that the Municipality

+ etc 1196 of 4/6/96

whatever to do with it.

(6) Thus it would appear that in April 1893, February 1894 & August 1895 Mr Hart admitted the Board's title to the land. In September 1894, he seems to have made a verbal application for it. So recently as 28th May 1896 Mr Fleteher (Probably Mr Hart's Successor) made a written acknowledgement of the Board's title, which he repudiated a few days afterwards.

(7) Under the circumstances mentioned above, the Govt desire the President to inform the Municipality of Bimaya that they do not wish to interfere with the action of the Municipality in the matter.
